Notes: "Cont. Accred." ("Continued Accreditation") is used when a program has been accredited and maintains a status of continuing accreditation as the result of a site visit or from action stemming from review of annual reports.
"Init. Accred." ("Initial Accreditation") is used when a program has received its initial accreditation.

Footnotes:

- ¹ The site review will occur in March 2016.
- ² Official letter from the November 2015 visit will be received in January 2016.
- ³ The accrediting agency has postponed the site visit until after the 2017-18 academic year.
- ⁴ The Certified Registered Nurse Anesthetist (CRNA) program moved to the DNP level in July 2012 and was granted accredited status under the original umbrella covering the MS program. The program received approval to change the award to the DNAP in 2015-16.
- ⁵ Beginning with the 2016-17 entering class, the MOT program will have all 3-years of training at the graduate level.
- ⁶ The Kansas Board of Nursing schedules its site visit at the same time as the accrediting body, The Commission on Collegiate Nursing Education. Programs are approved for the same length of time as the CCNE accreditation.
- ⁷ This program falls under the Next Accreditation System (NAS) of the ACGME. The ACGME are now using a continuous accreditation model with collection and review of annual data from each program. All programs, with the exception of applications and very newly-accredited programs, will have a scheduled self-study visit every 10 years. In addition, programs may have focused or diagnostic site visits, if the annual data submission suggests a potential problem.
- ⁸ Combined program approved by the American Boards of Internal Medicine and of Psychiatry and Neurology. Each specialty is separately accredited by ACGME.
